CDM Awareness

Construction Design & Management

1/2 day | Virtual or face-to-face | Contribution to CPD hours

COURSE BENEFITS

- Understanding of the CDM process
- Differentiate between Commercial & Domestic CDM
- Identify Key Duty Holder responsibilities
- Practical knowledge of when to apply CDM

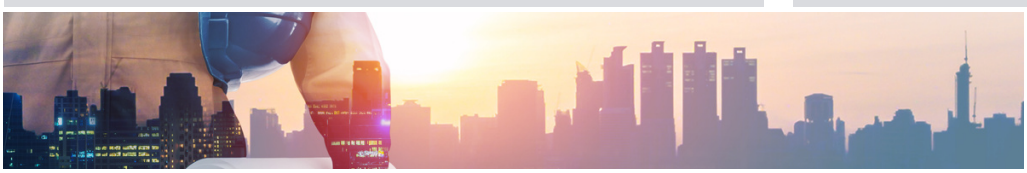

Course Overview

Whatever your role in construction, CDM aims to improve health and safety in the industry by helping you to:

- Sensibly plan the work so the risks involved are managed from start to finish.
- Have the right people for the right job at the right time
- Cooperate and coordinate your work with others
- Have the right information about the risks and how they are being managed.
- Communicate this information effectively to those who need to know.
- Consult and engage with workers about the risks and how they are being managed

What's Covered?

- **Introduction to CDM Awareness**
- **Managing High-Risk Activities –** understand the main causes of site fatalities, including suicide.
- **The Duty Holders** - main responsibilities.
- **Pre-Construction Phase** - information and documentation required; how duty holders create a positive input.
- **Construction Phase Plan –** detail the specifics of the project and relative to the risks and complexities involved.
- **Safe Site Best Practice –** understanding CDM Part 4 Construction Work:
  - General requirements for all construction sites.
  - best practice at site set up and key regulations.
